Vehicle Inspection Division Bulletin

May 2016

Topics in this Bulletin: Change in Emission Inspection Program Regulations

Effective July 1, 2016, the emissions program management fee (PMF), which is periodically reviewed, will be changing. The PMF will increase by \$0.18 to cover the OBD Equipment Specification Revisions and Program Enhancements. The updates are necessary to move to more modern sustainable equipment. The new fee will change from the current \$1.47 to \$1.65. Per Chapter 177.404 (Required certificates and station signs), you are required to update your signage to clearly indicate the new Program Management Fee.

A sample sign is included on the reverse side. Please update your current sign to reflect the new PMF, prior to the effective date.

If you have any questions, please contact the Vehicle Inspection Division at (717) 787-2895.
